*Badigeon à la chaux*

Depuis l'antiquité l'homme a voulu donner une dimension supplémentaire à son environnement côtoyé jurement ; son habitation, temples, sanctuaires, lieux de rencontres publiques....

Ceci se faisait entre-autre à l'aide d'images, de couleurs et de décoration.

L'ART faisait part de sa vie quotidienne. La CHAUX a aidée l'homme à réaliser ses rêves – imaginaires mais réels aussi par moments.

Aujourd'hui la chaux est à nouveau dans le point de mire et nous permet de mettre en œuvre un produit ancien comme le jour, qui nous incitera à choyer nos coins préférés.

Avec les badigeons à la chaux CORICAL de CORIDECOR nous pouvons vous garantir un produit naturel, écologique et durable à l'aspect mat, chaud, moiré et velouté.

De multiples applications sont possibles pour charmer tout un chacun.

Ever since antiquity mankind has wanted to embellish his daily environment : his home, house of worship, sanctuaries, public places...

To create this extra dimension, he used images, colours and decoration.

As such, ART was part of his daily life. LIME has helped man to realise, design and style his dreams. Today lime is once again becoming the centre of attention, enabling us to rediscover its many possibilities for the decoration of the spaces we cherish the most.

With the CORICAL limewash from CORIDECOR, we offer a natural, ecological and durable product with a matt, opaque, warm, velvety and moiré aesthetic.

A variety of applications are possible to please all.
